**Item 1.02 Termination of a Material Definitive Agreement.**

On September 4, 2008, EPIX Pharmaceuticals, Inc. (the Company) announced that Bayer Schering Pharma AG, Germany (Bayer Schering) notified the Company that it is terminating the Amended and Restated Strategic Collaboration Agreement by and between the Company and Bayer Schering, dated as of June 9, 2000 and amended as of December 22, 2000 (the Agreement), effective March 1, 2009. Accordingly, the worldwide commercial rights for the Company's blood pool magnetic resonance angiography agent, Vasovist, will be transferred back to the Company on such date. The parties are negotiating the final terms of the transfer of such commercial rights.

Under the Agreement, the Company granted Bayer Schering an exclusive license to co-develop and market Vasovist worldwide. Generally, each party to the Agreement shares equally in Vasovist costs and profits in the United States. Pursuant to the terms of the Agreement, the Company retained responsibility for completing clinical trials and filing for U.S. Food and Drug Administration approval in the United States and Bayer Schering retained responsibility for clinical and regulatory activities for Vasovist outside the United States. In addition, the Company is entitled to receive a royalty on products sold outside the United States and, if Vasovist is approved and launched in the United States, a percentage of Bayer Schering's operating profit margin on products sold in the United States.

Under the Agreement, Bayer Schering had the right to terminate the Agreement at any time on a region-by-region basis or in its entirety, upon six months written notice to the Company, which right was exercised as described above. In addition, either party may terminate the Agreement while still in effect upon thirty days notice if there is a material breach.
