The Audit Committee's responsibilities include the authority and the responsibility of selecting, evaluating and, where appropriate, replacing the independent accountants; reviewing the scope, conduct and results of audits performed; making inquiries as to the differences of views, if any, between such independent accountants and officers and employees of the Company and subsidiaries with respect to the financial statements and records and accounting policies, principles, methods and systems; considering whether the provision by the independent accountants of services for the Company in addition to the annual audit examination is compatible with maintaining the independent accountants' independence; reviewing the policies and guidelines of the Company and subsidiaries designed to ensure the proper use and accounting for corporate assets, and the activities of the Company's internal audit department; preapproving all auditing services and permissible nonaudit services provided to the Company by the independent accountants; reviewing any significant disagreements between management and the independent accountants in connection with the preparation of the financial statements; and discussing the quality and adequacy of the Company's internal controls with management, the internal auditors and the independent accountants.

2003 WORK OF THE AUDIT COMMITTEE

In fulfilling its oversight responsibilities in 2003, the Audit Committee was actively involved in working with the Chief Credit Officer and the Chief Financial Officer of the Company in ensuring that the Company has established appropriate levels for its loan loss reserve. On several occasions, the Audit Committee met both jointly and separately with representatives of Old National Bank's primary federal regulator and management and with independent accountants to ensure the accuracy of the Company's loan loss reserve methodology and loan loss provision. The Audit Committee also discussed with management and regulators the modifications undertaken by the Company to its credit approval processes in order to address the high level of loan losses incurred during the year.

In 2003, the Audit Committee was also involved in retaining Ethicspoint (R) to assist the Audit Committee in administering the anonymous complaint procedures outlined in the Code of Business Conduct and Ethics. The Sarbanes-Oxley Act of 2002 required that the Audit Committee establish procedures for the confidential submission of employee concerns regarding questionable accounting, internal controls or auditing matters. This new system was functional in January 2004, and the Audit Committee will continue to ensure that the Company is in compliance with all applicable rules and regulations with respect to the submission to the Audit Committee of anonymous complaints from employees of the Company.

REVIEW WITH MANAGEMENT AND INDEPENDENT ACCOUNTANTS

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2003, and the footnotes thereto with management and the independent accountants PricewaterhouseCoopers LLP. The Audit Committee also received from management drafts of the Company's Quarterly Reports on Form 10-Q and reviewed drafts of the Company's earnings releases prior to public dissemination.

During the year, the Audit Committee monitored the efforts undertaken by the Company to comply with the internal control certification and attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, which efforts are ongoing and are expected to be completed to meet the compliance and reporting date of December 31, 2004.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

The Audit Committee also reviewed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audit activities. The Audit Committee also met with internal auditors and independent accountants, with and without management present, to discuss the results of their examination and their evaluations of internal controls. The Audit Committee also reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality and acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Audit Committee pursuant to Statement of Auditing Standards No. 61, as amended.

The Audit Committee discussed with PricewaterhouseCoopers LLP their independence from management and the Company, and received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Independence Standards Board Standard No. 1. The Audit Committee also administered the Company's policy regarding engagement of independent accountants to provide nonaudit services. In addition, the Audit Committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the accountants' written disclosures required by the Independence Standards Board.

AUDIT COMMITTEE FINANCIAL EXPERT

During 2003, in accordance with Section 407 of the Sarbanes-Oxley Act of 2002, the Company identified Andrew E. Goebel as the Audit Committee's "Financial Expert." Mr. Goebel is independent as defined under applicable SEC rules.

REAPPOINTMENT OF PRICEWATERHOUSECOOPERS LLP

The Audit Committee has reappointed PricewaterhouseCoopers LLP as the Company's independent accountants for fiscal year 2004, subject to ratification by the shareholders of the Company at the 2004 Annual Meeting.

ANNUAL COMMITTEE REVIEW OF CHARTER AND PERFORMANCE EVALUATION

As required by the Audit Committee's Charter, in early 2004 the Audit Committee reviewed the Charter and determined that no modifications were required or advisable at that time. Also, as required by the Audit Committee's Charter, the Audit Committee conducted an annual performance evaluation, the results of which have been discussed with the Audit Committee members and shared with the Corporate Governance and Nominating Committee.

12

CONCLUSION

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003, to be filed with the SEC.

REPORT OF THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE

The Corporate Governance and Nominating Committee (the "Corporate Governance Committee") is primarily responsible for corporate governance matters affecting the Company and its subsidiaries. The Corporate Governance Committee operates under a written charter which conforms to the requirements of the SEC and the NYSE.

INDEPENDENCE OF CORPORATE GOVERNANCE AND NOMINATING COMMITTEE MEMBERS

The Corporate Governance Committee is comprised of seven members of the Board of Directors of the Company. All of the members of the Corporate Governance Committee are independent from management and the Company (as independence is currently defined in the NYSE's listing requirements).

SCOPE OF RESPONSIBILITIES

The Corporate Governance Committee has responsibility for recruiting and nominating new Directors, assessing the independence of non-management Directors, leading the Board in its annual performance evaluation, reviewing and assessing the adequacy of the Corporate Governance Guidelines and retaining outside advisors as needed to assist and advise the Board with respect to legal and other accounting matters. The Corporate Governance Committee is also responsible for reviewing with the full Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole.

DIRECTOR NOMINATION PROCEDURES

The Company's nomination procedures for Directors are governed by its By-Laws. Each year the Corporate Governance Committee makes a recommendation to the entire Board of Directors of nominees for election as Directors. The Corporate Governance Committee will review suggestions from shareholders regarding nominees for election as Directors. All such suggestions from shareholders must be submitted in writing to the Corporate Governance Committee at the Company's principal executive office not less than 120 days in advance of the date of the annual or special meeting of shareholders at which Directors are to be elected. All written suggestions of shareholders must set forth (i) the name and address of the shareholder making the suggestion, (ii) the number and class of shares owned by such shareholder, (iii) the name, address and age of the suggested nominee for election as Director, (iv) the nominee's principal occupation during the five years preceding the date of suggestion, (v) all other information concerning the nominee as would be required to be included in the proxy statement used to solicit proxies for the election of the suggested nominee, and (vi) such other information as the Corporate Governance Committee may reasonably request. Consent of the suggested nominee to serve as a Director of the Company, if elected, must also be included with the written suggestion.

In seeking individuals to serve as Directors, the Corporate Governance Committee seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise. Directors should have an active interest in the business of the Company, possess a willingness to represent the best interests of all shareholders, be able to objectively appraise management performance, possess the highest personal and professional ethics, integrity and values, and be able to comprehend and advise management on complicated issues that face the Company and Board.

2003 WORK OF THE CORPORATE GOVERNANCE COMMITTEE

While newly created in 2003, the Corporate Governance Committee achieved several accomplishments in its first year. Its first act was to assist the full Board in formally delineating the responsibilities for each of the other Board committees. Throughout the year, the Corporate Governance Committee gathered and assessed information, as well as monitored events relating to corporate governance.

Based upon its assessment of corporate governance matters, the Corporate Governance Committee developed and recommended an initial set of Corporate Governance Guidelines applicable to the full Board. The Corporate Governance Guidelines have been approved by the full Board and may be viewed under the Corporate Governance link on the Company's website at www.oldnational.com. In addition, the Corporate Governance Committee developed a charter to govern its operations. That charter is also available under the Corporate Governance link on the Company's website. The Corporate Governance Committee also oversaw the development of charters by the other Board committees which are required to have charters under the NYSE listing standards, all of which are available under the Corporate Governance link on the Company's website. Each of the charters has been approved by the full Board. The Corporate Governance Committee anticipates that the Corporate Governance Guidelines and each of the committee charters may change over time in order to continuously reflect enhanced corporate governance practices.

The Corporate Governance Committee and the Board also approved a Code of Business Conduct and Ethics and a Senior Financial and Executive Officer Code of Ethics in 2003. Copies of these Codes of Ethics are available under the Corporate Governance link of the Company website. The Company intends to disclose any amendments to, or a waiver of, a provision of these Codes of Ethics on the Company's website.

The Corporate Governance Committee approved, and recommended to the full Board for its approval, that executive sessions, where management is excluded, be conducted on a regular basis at Board meetings. The Corporate Governance Committee established and implemented a Board evaluation process pursuant to which the Board critiqued its performance. The evaluation results were shared with the full Board and committees and responsive actions are being implemented as a result of that process.

The Corporate Governance Committee approved, and recommended to the Board for its approval, that the Chairman of the Corporate Governance Committee serve as the presiding director of the executive session meetings of the non-management Directors of the Board. Larry E. Dunigan, the Chairman of the Corporate Governance Committee, is the presiding director of the non-management Directors of the Board when they meet in executive session.

CONTACTING THE BOARD OF DIRECTORS

Any shareholder or other interested party who desires to contact Old National's presiding director or the other members of the Board of Directors may do so by writing to: Board of Directors, c/o Corporate Secretary, Old National Bancorp, P.O. Box 718, Evansville, IN 47708. Communications received are distributed to the presiding director or other members of the Board, as appropriate, depending on the facts and circumstances outlined in the communication received. For example, if any complaints regarding accounting, internal accounting controls and auditing matters are received, then they will be forwarded by the Corporate Secretary to the Chairman of the Audit Committee for review.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

DIRECTOR INDEPENDENCE STANDARDS

In 2003, the Corporate Governance Committee developed and adopted Independence Standards for Board members which were approved by the full Board. Except for the Chairman and CEO, James A. Risinger, and one non-management Board member, Alan W. Braun, the Board has determined that all of the members of the Board of Directors meet the categorical standards for independence set forth in Appendix I.

ANNUAL COMMITTEE REVIEW OF CHARTER AND PERFORMANCE EVALUATION

As required by the Corporate Governance Committee's Charter, in early 2004 the Corporate Governance Committee reviewed its Charter and made minor modifications. Also, as required by the Corporate Governance Committee's Charter, the Corporate Governance Committee conducted an annual performance evaluation.

COMMITMENT

The Corporate Governance Committee is committed to ensuring that the Company implements and follows corporate governance principles that are in furtherance of the interests of the Company's shareholders. The Corporate Governance Committee anticipates meeting throughout 2004 to continue to enhance the Company's corporate governance principles and to ensure that the Company remains compliant with the requirements of the SEC and the NYSE.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is currently composed of four non-employee Directors who are not eligible to participate in any management compensation programs. The Compensation Committee operates under a written charter which conforms to the requirements of the SEC and NYSE. An independent compensation consulting firm, Mercer Human Resources Consulting, has been retained by the Compensation Committee to advise the Compensation Committee and Company on executive compensation matters.

INDEPENDENCE OF THE COMPENSATION COMMITTEE MEMBERS

The Compensation Committee is comprised of four members of the Board of Directors of the Company. All of the members of the Compensation Committee are independent from management and the Company (as independence is currently defined in the NYSE's listing requirements).

SCOPE OF RESPONSIBILITIES

The Compensation Committee is appointed by the Board to discharge the Board's responsibilities relating to the Company's officers and employees. The

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

Compensation Committee has overall responsibility for approving and evaluating the compensation plans, policies and programs of the Company. The Compensation Committee is responsible for annually reviewing and approving corporate goals and objectives relevant to CEO compensation, evaluating the CEO's performance in light of those goals and objectives, and approving the CEO's compensation level based on this evaluation. The Compensation Committee is responsible for reviewing on an annual basis and recommending to the Board of Directors for its approval, for the Chairman and CEO and the next four highest paid officers of the Company, (a) the annual base salary level, (b) the annual incentive opportunity level, (c) the long-term incentive opportunity level, (d) employment agreements, severance agreements and change in control agreements or provisions, in each case as, when and if appropriate, and (e) any special or supplemental benefits. The Compensation Committee is responsible for fixing and determining awards to employees of stock or stock options pursuant to the Company's Equity Incentive Plan(s) now or from time to time in effect and exercise such power and authority as may be permitted or required by such plans.

ANNUAL COMMITTEE REVIEW OF CHARTER AND PERFORMANCE EVALUATION

As required by the Compensation Committee's Charter, in early 2004 the Compensation Committee reviewed the Charter and determined that no modifications were required or advisable at that time. Also, as required by the Compensation Committee's Charter, the Compensation Committee conducted an annual performance evaluation, the results of which have been discussed with the Compensation Committee members and shared with the Corporate Governance Committee.

COMPENSATION PRINCIPLES

The Company's executive compensation program is structured to help the Company achieve its business objectives by:

- setting compensation levels designed to attract and retain superior executives in a highly competitive environment;
- 17
- providing incentive compensation that ties directly with both Company financial performance and individual contribution to that performance; and
- linking compensation to elements that affect short- and long-term stock performance.

The Compensation Committee believes the most effective executive compensation program is one that provides incentives to achieve both current and long-term strategic management goals of the Company, with the ultimate objective of enhancing shareholder value. In this regard, the Compensation Committee believes executive compensation should be comprised of cash and equity-based programs which reward performance not only as measured against the Company's specific annual and long-term goals, but also which recognize that the Company operates in a competitive environment and that performance should be evaluated as compared to industry peers. In April 1999, the Company's shareholders adopted an equity incentive plan, which authorizes the Compensation Committee to grant incentive and non-qualified stock options in addition to other forms of equity compensation. The Compensation Committee issued 2,608,356 stock option grants to executive officers of the Company in 2003. The equity-based compensation plans assure that executive officers have a meaningful stake in the Company, the ultimate value of which is dependent on the Company's continued long-term success, and that the interests of executive officers are thereby aligned with those of the shareholders.

COMPONENTS OF EXECUTIVE COMPENSATION

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

The compensation program for executive officers consists of the following three components:

- base salary;
- the Short-Term Incentive Plan; and
- the 1999 Equity Incentive Plan.

BASE SALARY

The Compensation Committee establishes the salary of the Chairman and Chief Executive Officer (hereinafter the "CEO"). The base salaries of the Company's next four highest paid executive officers are determined by the Compensation Committee. The same compensation principles are applied in setting the salaries of all other executive officers to assure that salaries are fairly and competitively established. Salary ranges are determined for each executive position based upon survey data that is obtained from a relevant peer group and from the Hay Group, Inc. The Company uses the Hay Job Evaluation System to establish salary grades and ranges for each position based on the knowledge and problem-solving ability required to satisfactorily fulfill the position's assigned duties and responsibilities, its accountability and the impact on the operations and profitability of the Company. The Company's peer group consists of reasonably comparable regional bank holding companies. Relevant peer group data is used rather than the NYSE Financial Index because the peer group companies resemble more closely the asset size and operations of the Company. The peer group data is also used to validate and affirm recommendations presented by the Hay Group, Inc.

From survey data, salary ranges are established each year for the CEO and all other executive positions within the organization. These ranges are designed so that the mid-point of the salary range is approximately the 50th percentile of base salaries paid to comparable positions across a broad spectrum of comparable regional bank holding companies. Within these established ranges, actual base salary adjustments are made periodically in accordance with the guidelines of the Company's salary administration program and performance review system. Continuous

18

outstanding performance over an extended period of time could result in a salary at the top end of the established range whereas undistinguished performance could result in compensation at the lower end of the range. In 2003, the base salaries for the executive officers as a group and the CEO were within the established salary ranges.

SHORT TERM INCENTIVE PLAN

In 1996, the Company established a Short Term Incentive Plan (the "STIP") for certain key officers. The STIP provides for the payment of additional compensation in the form of an annual cash incentive payment contingent upon the achievement of certain corporate goals and the achievement of certain business performance goals. The STIP uses various scorecards based on specific corporate and shareholder-related performance goals relating to earnings per share and operating income. Participants were assigned to one of the incentive scorecards based upon their area of responsibility. The minimum incentive award that an employee can earn is 5% of the participant's base salary. The award level is based upon the Company's and the individual participant's performance. The Company does not limit the amount of the award an employee or the CEO may earn under the STIP. The CEO's minimum award opportunity is 27.5% of base salary.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

Each fiscal year the Compensation Committee establishes threshold (minimum) and target performance levels under the STIP. If threshold performance is not achieved, there is no payment from the STIP for that period and, if performance exceeds the threshold, actual incentive payments to participants are in proportion to the actual financial performance achieved compared to the performance goals. For 2003, the earnings per share and operating income thresholds established by the Compensation Committee were not met, so there were no STIP payouts for the Chairman and the next four highest paid executive officers of the Company.

1999 EQUITY INCENTIVE PLAN

The Company maintains the 1999 Equity Incentive Plan (the "Plan"). The Board and the Compensation Committee believe that this long-term, stock-based incentive plan enhances the Company's ability to attract, retain and reward management and provides the Company with the ability to develop incentive programs which are responsive to the demands of the marketplace. The Compensation Committee also believes that the stock option grants afford a desirable long-term compensation method because they closely align the interests of management with those of shareholders. Four hundred thirty-eight executive officers, including those listed in the Summary Compensation Table, participate in the Plan. During 2003, the Compensation Committee granted 2,608,356 stock options to executive officers. In determining the grant of stock options to the CEO, as well as other named officers in the Summary Compensation Table, the Compensation Committee took into account the respective scope of responsibility, performance requirements and recent and expected contributions of the Plan participants to the Company's achievement of its long-term performance objectives.

DISCUSSION OF 2003 COMPENSATION FOR THE CEO

Mr. Risinger has served as Chairman and Chief Executive Officer since January 1, 1998. The Compensation Committee used the executive compensation practices described above to determine Mr. Risinger's fiscal year 2003 base salary. In setting both the cash-based and equity-based elements of Mr. Risinger's compensation, the Compensation Committee made an overall assessment of Mr. Risinger's leadership in establishing the Company's long-term and short-term

19

strategic, operational and business goals. Mr. Risinger's total compensation reflects a consideration of these competitive issues and the Company's performance.

The Compensation Committee surveyed the total direct compensation for chief executive officers of regional bank holding companies. Based on this information, the Compensation Committee determined a median around which the Compensation Committee built a competitive range for cash-based and equity-based elements of the compensation package. As a result of this review, the Compensation Committee determined a mix of base salary and bonus opportunity, along with an equity position to align Mr. Risinger's compensation with the performance of the Company. The resulting total compensation package was competitive for CEOs in companies comparable in size and complexity to the Company.

Additionally, as part of the review process, the Compensation Committee assessed the Company's financial and business results compared to other companies within the banking industry and the Company's financial performance relative to its financial performance in prior periods and to its financial goals.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

For fiscal year 2003, the specific recommendation for Mr. Risinger positioned his target total cash compensation at \$1,019,193; base salary was set at \$658,932, with a \$360,261 bonus opportunity under the STIP. Consistent with the STIP, the performance objectives were based on the Company's earnings per share.

In determining the stock option grant for Mr. Risinger, the Compensation Committee evaluated his total direct compensation compared to CEO's of comparable companies and determined that an award of a non-qualified stock option to purchase 119,536 shares of the Company common stock was appropriate.

SUMMARY

The Compensation Committee is made up of non-employee directors who do not participate in any of the compensation plans they administer. The Compensation Committee approves or endorses all the programs that involve compensation paid or awarded to senior executives.

The Compensation Committee is responsible for seeing that the Company's compensation program serves the best interest of its shareholders. To help meet this responsibility, the Compensation Committee is guided by an independent analysis of the competitiveness of the Company's executive compensation. The Compensation Committee also considers the results of the salary surveys described above.

In the opinion of the Compensation Committee, the Company has an appropriate and competitive compensation program. The combination of sound base salary, competitive short term bonuses, and emphasis on long term incentives provides a balanced and stable foundation for effective executive leadership.

RETIREMENT PLAN

The Old National Bancorp Employees' Retirement Plan (the "Retirement Plan") is a qualified, defined benefit, non-contributory pension plan covering substantially all employees of the Company and its subsidiaries and affiliates with one or more years of service with the Company or its subsidiaries and affiliates, and with credited service accruing from the date of employment, provided that the employee has not less than 1,000 hours of service (as defined in the plan) during such period.

The amount of annual contribution attributable to specific individuals cannot be determined in a meaningful manner. The following table shows the estimated annual pensions payable to eligible employees upon retirement at age 65. The amounts shown do not reflect any reduction related to Social Security earnings or for the survivor benefit features of the Retirement Plan, the application of which would reduce the amount of pension payable.

(1) The law in effect at December 31, 2003 prohibited the distribution of benefits from the Retirement Plan in excess of \$160,000 per year expressed as a straight life annuity. It also prohibited compensation in excess of \$200,000 to be used in the computation of the retirement benefit. Both amounts are indexed for inflation.

The Retirement Plan provides for the payment of monthly benefits in a fixed amount upon attainment of age 65. As a normal form of benefit, each eligible participant is entitled to receive a monthly pension for his or her life based on years of service and "average monthly compensation" (which excludes bonuses). In general, the formula for determining the amount of a participant's monthly pension is average monthly compensation multiplied by 1.45% for the first ten years of service, 1.65% for the next ten years of service, and 1.95% for the next fifteen years of service, less any amount related to Social Security earnings. In general, the amount of the reduction is .59% of average monthly compensation (up to a maximum of 125% of covered compensation) multiplied by all years of service up to 35 years of service. The standard retirement benefit for married participants is payable in the form of a joint and survivor annuity in an amount which is actuarially equivalent to the normal form of benefit. Instead of an annuity, participants may elect to receive a single sum cash settlement upon retirement in an amount that is actuarially equivalent to the participant's normal form of benefit.

2003 base salary figures for the CEO and the next four most highly compensated Executive Officers of the Company are set forth in column (a) in the Summary Compensation Table on page 21. The Retirement Plan was frozen as of December 31, 2001, except for employees who were at least age 50 or who had 20 years of vested service as of December 31, 2001. As of December 31, 2003, Mr. Risinger had 26 years of vested service; Mr. Hinton, 24 years; Mr. Clayton, 16

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

years; and Mr. Moore, 25 years. Mr. Poelker is not accruing benefits under this Plan but does continue to accrue service for eligibility of an immediate early retirement benefit.

For certain employees, in addition to the persons listed in the Summary Compensation Table, whose annual retirement income benefits under the Retirement Plan exceed the limitations imposed by the Internal Revenue Code of 1986, as amended, and the regulations thereunder (including, among others, the limitation that annual benefits paid under qualified

23

defined benefit pension plans may not exceed \$160,000), such excess benefits will be paid from the Company's non-qualified, unfunded, non-contributory supplemental retirement plan.

AGREEMENTS WITH CERTAIN OFFICERS

On January 1, 2004, the Company entered into new change of control severance agreements with Messrs. James A. Risinger, Thomas F. Clayton, Michael R. Hinton, Daryl D. Moore and John S. Poelker. Each executive is entitled to benefits under his severance agreement upon any termination of the executive's employment by the Company (except for, and as is more specifically described in each severance agreement, termination for cause, disability, voluntary retirement or death), or upon a termination of employment by the executive under certain circumstances specified in his severance agreement, during the two-year period following a change in control (as defined in the severance agreements) of the Company which occurs during the term of the severance agreement.

In the event of a termination of employment, the executive will be entitled to receive a lump sum cash payment equal to the aggregate of: his then-effective base salary through the date of termination; all amounts due to the executive under the Company's accrued vacation program through the date of termination; and a certain amount under the Retirement Plan. In addition, the Company must pay to James A. Risinger, Thomas F. Clayton, Michael R. Hinton and John S. Poelker in a lump sum cash payment an amount equal to 2.99 times the average annual base salary paid to him by the Company in the five calendar years preceding the date of termination. For Daryl D. Moore, the lump sum payment is equal to two times the average annual base salary paid to him by the Company in the five calendar years preceding the date of termination. The severance agreements further require the Company to cause to be vested in each executive's name those awarded but unvested shares held in the executive's account in the Restricted Stock Plan and Stock Option Plan and all amounts due the executive under the Company's Short Term Incentive Plan.

SHAREHOLDER RETURN PERFORMANCE COMPARISONS

The following indexed graph compares the performance of the Company's common stock for the past five years to the Russell 1000 Index and the NYSE Financial Index.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors and Executive Officers and persons who beneficially own more than ten percent of the Company common shares to file with the SEC reports showing ownership of and changes of ownership in the Company's common shares and other equity securities. On the basis of reports and representations submitted by the Company's Directors, Executive Officers, and greater-than-ten-percent owners, the Company believes that all required Section 16(a) filings for fiscal year 2003 were timely made, except for the following transaction of one Director that was not timely filed due to inadvertence: one report for Mr. Braun pertaining to shares of company stock held in a limited general partnership of which Mr. Braun disclaims beneficial ownership of the shares except to the extent of his pecuniary interest.

APPENDIX I

DIRECTOR INDEPENDENCE STANDARDS

The Board will have a majority of Directors who meet the criteria for independence required by Section 303A(2) of NYSE Listed Company Manual. No director shall qualify as "independent" unless the Board affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). In making a determination as to whether to designate a Director as an "Independent Director," the Board will consider the following categorical standards, but may to the extent consistent with Section 303A(2) of the NYSE Listed Company Manual review any other facts and circumstances that it may deem relevant.

The Board believes an "Independent Director" is one who meets all of the following criteria:

- a. is not currently employed by the Company or any of its affiliates.
- b. does not receive, and does not have an immediate family member who receives, or has received within the past five (5) years, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); provided that the foregoing will create only a presumption that the director is not an Independent Director which can be rebutted by a determination by the Board, with the assent of all Independent Directors, that, based upon the relevant facts and circumstances, that the compensatory relationship is not material; and provided that compensation for former service as an interim Chairman or CEO does not need to be considered as a factor towards a determination of independence under the presumption.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

- c. is not, and has not been affiliated with or employed by, and does not have an immediate family member who is affiliated with or employed in a professional capacity by, within the last five (5) years, any (present or former) auditor of the Company.
- d. is not an executive officer or an employee, and does not have an immediate family member who is an executive officer, of another company (A) that accounts for, or within the last five (5) years accounted for, at least 2% or \$1 million, whichever is greater, of the Company's consolidated annual gross revenues, or (B) for which the Company accounts for, within the last five (5) years accounted for, at least 2% or \$1 million, whichever is greater, of such other company's consolidated annual gross revenues.
- e. is not employed, and does not have an immediate family member who is employed, within the last five (5) years, as an executive officer of another company where any of the Company's present executives serve on such other company's compensation committee.

For purposes of the foregoing, (i) "immediate family member" includes a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than domestic employees) sharing such person's home; and (ii) during the five years immediately following the effective date of Section 303(A)(2)(b) of the NYSE Listed Companies Manual (the "Effective Date"), each five year "look back" period referenced above shall instead be limited to the period since the Effective Date.

28

Additionally, a director of the Company will not fail to be deemed "Independent" for purposes of the NYSE Listed Company Manual solely as a result of lending relationships (such as depository, transfer, register, indenture trustee, trusts and estates, private banking, investment management, custodial, securities brokerage, cash management and similar services) between the Company and its subsidiaries, on the one hand, and a company with which the director is affiliated by reason of being a director, officer or a significant shareholder thereof, on the other, provided that the relationship complies with paragraph (d) above and:

- a. such relationships are in the ordinary course of business of the Company and are on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and
- b. with respect to extensions of credit by the Company or its subsidiaries:
 - i. such extensions of credit have been made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve, Sections 23A and 23B of the Federal Reserve Act and Section 13(k) of the Securities Exchange Act of 1934; and
 - ii. no event of default has occurred under the loan.
