ITEM 7.01 REGULATION FD DISCLOSURE

8-K Filing Regarding the Recording of an Embedded Derivative Liability

On November 23, 2005, Commodore Applied Technologies, Inc. (the "Company") issued its restated June 30, 2005 2nd Quarter earnings on form 10Q/A. The purpose of this Amendment No. 1 to the Quarterly Report on Form 10-Q/A is to restate the Company's consolidated condensed financial statements for the three

and six months ended June 30, 2005 (the "Financial Statements") and to modify the related disclosures. Please see Note B and H to the Financial Statements included in the amended Form 10-Q.

The restatement arose from the Company's determination that it had not accounted for the embedded conversion option of the Convertible Secured Note and the Series I Convertible Preferred Stock entered into on April 12, 2005 as embedded derivatives. The Company has determined that the fair value of the embedded derivatives should be recorded as a liability, with any changes in the fair value of the embedded derivatives between reporting dates as a derivative loss or gain, as appropriate. The Company has also shown the effects of the reverse stock split effective August 29, 2005, and has also shown separately the effect of dividends accrued to preferred stockholders on loss per share, due to the reduced number of common shares outstanding. Subsequent to the reverse stock split, the effect of dividends accrued to preferred stockholders affected loss per share.

This amended Form 10-Q/A does not attempt to modify or update any other disclosures set forth in the original Form 10-Q, except as required to reflect the effects of the restatement as described in Note B and H to the Financial Statements included in the amended Form 10-Q/A. Additionally, this amended Form 10-Q/A, except for the restatement information and the effects of the reverse stock split, speaks as of the filing date of the original Form 10-Q and does not update or discuss any other Company developments after the date of the original filing. All information contained in this amended Form 10-Q/A and the original Form 10-Q is subject to updating and supplementing as provided in the periodic reports that the Company has filed and will file after the original filing date with the Securities and Exchange Commission.
